OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

September 2, 2015

Cristina Griffin
Agent for Bushwacker Backpack and Supply Company dba Counter Assault
Delta Analytical Corporation
12510 Prosperity Drive, Suite 160
Silver Spring, MD 20904

Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 – To add a small pocket knife, engraved with Counter Assault logo, in the clam shell packaging of the pesticide product and include a sticker on the packaging with the following text, “Counter Assault – Celebrating 30 Years 1986-2016.”
Product Name: Counter Assault Bear Deterrent
EPA Registration Number: 55541-2
Application Date: July 22, 2015
OPP Decision Number: 507299

Dear Ms. Griffin:

The U.S. Environmental Protection Agency (EPA) is in receipt of your application for notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Biopesticides and Pollution Prevention Division (BPPD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped “Notification” and will be placed in our records. You must submit one (1) copy of the final printed labeling with the modifications.

Although BPPD has determined that this action falls within the scope of PRN 98-10, we would like to also indicate that since EPA’s authority for these product kits (pesticides packaged with non-pesticides) stops at the pesticide. EPA will not be offering any approval or disapproval on whether it is legal or proper to distribute a pocket knife (page 14 of label). You are responsible for ensuring that you are complying with any other federal laws and regulations that may govern the distribution of knives in commerce. BPPD also notes that your label contains a non-pesticide sublabel for an inert training canister (page 13 of label). The EPA has already reviewed this non-pesticide sublabel and deemed it acceptable in a previous label amendment action; however, this non-pesticide sublabel is not considered part of the stamped label (refer to EPA letter dated May 28, 2015 for further details).

Page 2 of 2
EPA Reg. No. 55541-2
OPP Decision No. 507299

If you have any questions, please contact Colin G. Walsh of my team by phone at (703) 308-0298 or via email at walsh.colin@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Andrew C. Bryceland". The signature is written in a cursive style with a large, sweeping initial 'A'.

NOTIFICATION

55541-2

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated 09/02/2015

COUNTER ASSAULT® BEAR DETERRENT GRITZLY TOUCH PEPPER SPRAY

NOT FOR USE
ON HUMANS

TO DETER BEARS FROM
ATTACKING HUMANS

KEEP OUT OF REACH OF CHILDREN

DANGER

DO NOT SEEK OUT ENCOUNTERS WITH BEARS. THIS PRODUCT IS A BEAR ATTACK DETERRENT WHICH MAY PROTECT USERS IN SOME UNEXPECTED CONFRONTATIONS WITH BEARS BUT MAY NOT BE EFFECTIVE IN ALL SITUATIONS OR PREVENT ALL INJURIES. READ THIS ENTIRE LABEL BEFORE TAKING THIS PRODUCT INTO AREAS WHERE BEARS MIGHT BE ENCOUNTERED. SEE SIDE PANELS FOR FIRST AID AND PRECAUTIONARY STATEMENTS.

Active Ingredient:

Capsaicin and related capsaicinoids*	2.0%
Other Ingredients	98.0%
TOTAL	100.0%

*Derived from Oleoresin of Capsicum

CHEMICAL EMERGENCY: 1-800-535-5053

NET CONTENTS: 8.1 ounces (230g)

EPA Est No: 055541-MT-001

EPA Registration #55541-2

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

DANGER:

May cause irreversible eye damage if sprayed in the eye at close range. Contact through touching or rubbing eyes may result in substantial but temporary eye injury. Strongly irritating to nose and skin. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses after the first 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice. Have product container with you when calling or going for treatment. For emergency medical treatment information call 1-800-535-5053.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor immediately for treatment advice.

PHYSICAL OR CHEMICAL HAZARDS:

Extremely flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE & DISPOSAL

STORAGE: STORE IN A COOL DRY PLACE INACCESSIBLE TO CHILDREN AND PETS. Do not store in places where the temperature is above 120°F nor below 32°F. Do not store in hot vehicle or in direct sunlight.

DISPOSAL: DO NOT PUNCTURE OR INCINERATE! Non-Refillable Container. Do not reuse or refill this container.

If empty: Press valve to release all pressure then place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

Disclaimer: To the extent allowable by law, Counter Assault shall not be liable for damage, injury, loss, direct or consequential including death arising out of the use of, or inability to use this product.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used only to deter bears which are attacking or appear likely to attack humans. Do not spray this product on objects, tents, or humans; such use has no deterrent effect on bears. Do not seek out encounters with bears or intentionally provoke them. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed materials which may have become contaminated with this product.

This product has a range of up to 30 feet (9 meters). The canister empties in approximately 7 seconds.

APPLICATION DIRECTIONS: Special procedures must be followed to arm the container, apply the product and restore the safety clip to disarm the container. Before taking this product into bear country, read the directions below and familiarize yourself with these procedures. If you test-fire this container, make sure the wind is at your back and depress actuator tab for no more than half a second. Do not test-fire in area inhabited by bears. If test-fired, clean nozzle and can with soap and water to remove residue from can. If you have not used this product before, you should obtain a Counter Assault training can and practice with it until you can perform these activities quickly and accurately.

To Arm and Apply

Designed for one-hand operation. Place forefinger through hole in handle with thumb on safety clip curl. With thumb, pull safety clip straight back and off (fig 1).

Fig 1

Depress actuator tab for burst of spray (fig 2). Aim at face and eyes of bear. Depress actuator tab for 1-2 seconds in order to create a barrier of spray between you and the bear. Stop to evaluate the impact of wind and other factors and adjust your aim if needed before spraying again.

Fig 2

To Disarm

Replace safety clip by pushing firmly with thumb until audible "snap" is heard (fig 3). Check to see if safety is completely in place. No gap should be visible between actuator handle and safety clip.

2

Produced by a Grizzly Bear Encounter Survivor

In the early 1980's, bear biologists were researching effective bear deterrents. The result of this research was the development of an atomized spray and led to the creation of Counter Assault.

Pride Johnson, President & Chemist of Counter Assault successfully survived a grizzly encounter with Counter Assault Bear Deterrent. The encounter was immediately stopped.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used only to deter bears which are attacking or appear likely to attack humans. Do not spray this product on objects, tents, or humans; such use has no deterrent effect on bears. Do not seek out encounters with bears or intentionally provoke them. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed materials which may have become contaminated with this product.

This product has a range of up to 30 feet (9 meters). The canister empties in approximately 7 seconds.

APPLICATION DIRECTIONS: Special procedures must be followed to arm the container, apply the product and restore the safety clip to disarm the container. Before taking this product into bear country, read the directions below and familiarize yourself with these procedures. If you test-fire this container, make sure the wind is at your back and depress actuator tab for no more than half a second. Do not test-fire in area inhabited by bears. If test-fired, clean nozzle and can with soap and water to remove residue from can. If you have not used this product before, you should obtain a Counter Assault training can and practice with it until you can perform the activities quickly and accurately.

TO ARM AND APPLY: Designed for one-hand operation. Place forefinger through hole in handle with thumb on safety clip curl. With thumb, pull safety clip straight back and off (fig 1). Depress actuator tab for burst of spray (fig 2). Aim at face and eyes of bear. Depress actuator tab for 1-2 seconds in order to create a barrier of spray between you and the bear. Stop to evaluate the impact of wind and other factors and adjust your aim if needed before spraying again.

TO DISARM: Replace safety clip by pushing firmly with thumb until audible "snap" is heard (fig 3). Check to see if safety is completely in place. No gap should be visible between actuator handle and safety clip.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

DANGER: May cause irreversible eye damage if sprayed in the eye at close range. Contact through touching or rubbing eyes may result in substantial but temporary eye injury. COUNTER ASSAULT

NET CONTENTS: Combo Pack: TWO - 8.1 ounces (230g)

This product has a range of up to 30 feet (9 meters). The canister empties in approximately 7 seconds.

Produced by a Grizzly Bear Encounter Survivor

In the early 1980's, bear biologists were researching effective bear deterrents. The result of this research was the development of an atomized spray and led to the creation of Counter

Assault. Pride Johnson, President & Chemist of Counter Assault successfully survived a grizzly encounter with Counter Assault Bear Deterrent. The encounter was immediately stopped.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used only to deter bears which are attacking or appear likely to attack humans. Do not spray this product on objects, tents, or humans; such use has no deterrent effect on bears. Do not seek out encounters with bears or intentionally provoke them. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed materials which may have become contaminated with this product.

APPLICATION DIRECTIONS: Special procedures must be followed to arm the container, apply the product and restore the safety clip to disarm the container. Before taking this product into bear country, read the directions below and familiarize yourself with these procedures. If you test-fire this container, make sure the wind is at your back and depress actuator tab for no more than half a second. Do not test-fire in area inhabited by bears. If test-fired, clean nozzle and can with soap and water to remove residue from can. If you have not used this product before, you should obtain a Counter Assault training can and practice with it until you can perform the activities quickly and accurately.

TO ARM AND APPLY: Designed for one-hand operation. Place forefinger through hole in handle with thumb on safety clip curl. With thumb, pull safety clip straight back and off (fig 1). Depress actuator tab for burst of spray (fig 2). Aim at face and eyes of bear. Depress actuator tab for 1-2 seconds in order to create a barrier of spray between you and the bear. Stop to evaluate the impact of wind and other factors and adjust your aim if needed before spraying again.

TO DISARM: Replace safety clip by pushing firmly with thumb until audible "snap" is heard (fig 3). Check to see if safety is completely in place. No gap should be visible between actuator handle and safety clip.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

DANGER: May cause irreversible eye damage if sprayed in the eye at close range. Contact through touching or rubbing eyes may result in substantial but temporary eye injury. Strongly irritating to nose and skin. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses after the first 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice. Have product container with you when calling or going for treatment. For emergency medical treatment information call 1-800-535-5053. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor immediately for treatment advice.

PHYSICAL OR CHEMICAL HAZARDS: Extremely flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

STORAGE: STORE IN A COOL DRY PLACE INACCESSIBLE TO CHILDREN AND PETS. Do not store in places where the temperature is above 120°F nor below 32°F. Do not store in hot vehicle or in direct sunlight. **DISPOSAL:** DO NOT PUNCTURE OR INCINERATE! Non-Refillable Container. Do not reuse or refill this container. If empty: Press valve to release all pressure then place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

Disclaimer: To the extent allowable by law, Counter Assault shall not be liable for damage, injury, loss, direct or consequential including death arising out of the use of, or inability to use this product.

PRECAUTIONARY STATEMENTS

Hazardous to Humans and Domestic Animals

May cause irreversible eye damage if sprayed in the eye at close range. Contact through touching or rubbing eyes may result in substantial but temporary eye injury. Strongly irritating to nose and skin. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses after the first 5 minutes, then continue rinsing eyes. Call poison control center or doctor for treatment advice. Have product container with you when calling or going for treatment. For emergency medical treatment information call 1-800-535-5053.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor immediately for treatment advice.

PHYSICAL OR CHEMICAL HAZARDS:

Extremely flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

STORAGE & DISPOSAL:

STORAGE: STORE IN A COOL DRY PLACE IN A CCESSABLE TO CHILDREN AND PETS. Do not store in places where temperature is above 120° F or below 32° F. Do not store in hot vehicle or direct sunlight.

DISPOSAL: DO NOT PUNCTURE OR INCINERATE!
Non-Refillable Container. Do not reuse or refill this container. If Empty: Press valve to release all pressure then place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

Disclaimer: To the extent allowable by law, Counter Assault shall not be liable for damage, injury, loss, direct or consequential including death arising out of the use of, or inability to use this product.

DIRECTIONS FOR USE

The canister empties in approx. 7 seconds and sprays approx. 30 ft. similar to the spray time and distance of Counter Assault Bear Deterrent at 170° F.

APPLICATION DIRECTIONS: Special procedures must be followed to arm the canister. Apply the product and react to the safety clip to disarm the canister. Before taking bear spray into bear country, read the directions below and familiarize yourself with these procedures. Contents include food grade oils which may attract bears if used in a stamping area. Practice prior to entering bear country.

This is a training can and you should practice with it until you can perform these activities quickly and accurately.

To Arm and Apply

Designed for one-hand operation. Place forefinger through hole in handle with thumb on safety clip cut. With thumb, pull safety clip straight back and off (fig 1).

Depress actuator tab for burst of spray (fig 2).

Pretend to aim at face and eyes of a bear. Depress actuator tab for 1-2 seconds in order to create a barrier of spray between you and the pretend bear. Stop to evaluate the impact of wind and other factors and adjust your aim if needed before spraying again.

To Disarm Replace safety clip by pushing firmly with thumb until audible "snap" is heard (fig 3). Check to see if safety is completely in place. No gap should be visible between actuator handle and safety clip.

THIS IS A
**TRAINING CANISTER ONLY
AND IS NOT BEAR SPRAY**
Does not contain the active
ingredient of bear spray

Not for use on Humans

The Black Canister is NOT Bear
Spray and is for Training
Purposes Only.
